

GEOLOGICAL SOCIETY OF CONNECTICUT

First Annual Meeting November 9, 2009

The inaugural meeting of the Geological Society of Connecticut will be held on the evening of November 9, 2009 at **Dinosaur State Park in Rocky Hill**. The meeting will begin at 5:30 for social hour with appetizers, beer, and wine, followed by a light supper starting around 6:30 and a short organizational business meeting. The evening will culminate with a panel of speakers presenting on their current research in Connecticut Mesozoic geology:

- The Holyoke Basalt, one of the world's most voluminous eruptions: Implications about the source and differentiation of basaltic magma by Anthony R. Philpotts
- Blowing in the Jurassic Wind: New discoveries of high-permeability sandstones in Connecticut by Peter M. LeTourneau
- Window into the Jurassic World: Fossils of the Central Valley of Connecticut by Nicholas G. McDonald

Cost for this first Annual Meeting is \$30 for GSC members (\$35 for non-members). Food will be catered by City Fare of Hartford, and we need a final count for attendees by November 2. Please register for this meeting **before November 2** by sending the registration form below and the appropriate fee to:

Geological Society of Connecticut, P.O. Box 59, Storrs CT 06268
